"I certify this league will comply with all organizational requirements such as boundary, population, playing rules, player selection and participation, etc., as outlined in the current edition of the official Dixie Softball Rule Guide. In addition, I understand the National Board of Directors of Dixie Softball, Inc. (DSI) strongly recommends all franchised leagues adopt and implement a child abuse/molestation risk management program. Our league understands that guidelines for establishing a child abuse/molestation risk management program are available at no charge through the national office, or the league may develop a similar comprehensive program. Due to the fact that DSI has no operational control over league security including the selection of local leagues volunteers, our league understands it is solely responsible for adopting and implementing a child abuse/molestation risk management program. Therefore, as a condition to maintaining its DSI franchise rights, our league hereby indemnifies and holds harmless DSI and its officers, directors, state and district officials, and administrative employees, (collectively the "releasees"), for any legal action, including a reasonable attorney fees, based on child abuse/molestation allegations including any allegation of negligence on the part of any or all of the releasees, arising from any teams, leagues, tournaments, or other activities of our league."
